In the Matter of:

APPLICATION OF KENTUCKY UTILITIES)	
COMPANY FOR A CERTIFICATE OF PUBLIC)	CASE NO.
CONVENIENCE AND NECESSITY)	2012-00464
AUTHORIZING KU TO BID ON A FRANCHISE)	
ESTABLISHED BY THE CITY OF EARLINGTON)	

ORDER

On October 12, 2012, Kentucky Utilities Company ("KU") filed its application with the Commission seeking a Certificate of Public Convenience and Necessity to qualify it to bid on a franchise for electric service offered by the city of Earlington, Kentucky. Under the provisions of KRS 278.020(4), no utility may apply for a franchise from any governmental agency until it has obtained a Certificate of Public Convenience and Necessity from this Commission based on our finding that there is a need and demand for the service sought to be rendered.

In light of the city of Earlington's ordinance creating an electric distribution franchise, the Commission determines that there is evidence of a need and demand for electric service in the above-mentioned city. Since the Commission's authority in such matters is limited by statute to finding only whether there is a need and demand for the service sought to be rendered, no finding or determination is made as to the qualifications of the bidder, the validity of any of the provisions of the franchises offered by said city, or the manner in which any franchise fee is to be treated for rate purposes.

IT IS THEREFORE ORDERED that:

1. KU is granted a Certificate of Public Convenience and Necessity that authorizes it to bid on a franchise for electric service offered by the city of Earlington, Kentucky.
2. Within ten days of the award of the franchise at issue, KU shall file with the Commission a written notice stating whether or not KU was the successful bidder, and if it was the successful bidder, a copy of the executed franchise agreement shall be filed with the notice.
3. Any documents filed pursuant to ordering paragraph 2 of this Order shall reference the number of this case and shall be retained in the utility's general correspondence file.
4. This Order shall not be construed as granting a Certificate of Public Convenience and Necessity to construct utility facilities in said city.

By the Commission
